[ ] A senator has asked for this information. WH Division is checking on it.

Mr. Schroeder advised that Senator Dodd is planning to attend the International Conference on the Political Warfare of the Soviets which will take place in Paris around the 30th of November. He is taking with him Mr. David Martin of his personal staff. Schroeder wanted to alert us to this trip and felt that the Senator would probably want a briefing from the Agency before he went and would like to meet with our people in Paris. In addition to his interest in the Conference, he is also interested in the Algerian situation. Schroeder will be in touch further with us on this. Senator Dodd's trip was brought to the attention of [ ] who is looking into the matter and will be in touch with us.

2. [ ] George Murphy, Staff Member of the Joint Committee on Atomic Energy, called and said that he had been asked to check with the Agency with regard to the recent statements concerning the possibility of Soviet nuclear explosions. He said he assumed that if there had been any explosions, we would have advised the Committee to this effect. Not wishing to discuss this on the telephone, I told him I was not following this closely but would check and be in touch with him.
